

## **A SPECIAL APPEAL!**

### **Cookie and her 3 “kids” need two homes!**

This cocker family needs to move. After spending their entire lives with their loving families, Cookie and her 3 offspring now must find two special families who will love and care for them.

These four cockers have all lived in close proximity to each other in a two-family house in a big city. Cookie and Coco lived downstairs while Lucy and Melo lived upstairs. They have lived as two bonded pairs with their owners but they've had a lot of access to each other.

These four cockers are sweet, loving, social “people dogs” who have been spoiled and loved by their devoted owners. Unfortunately, after many years their people are moving and Cookie and her “kids” need two new special homes.

Cookie, Coco, Melo and Lucy enjoy being groomed. All 4 dogs are fine around calm, respectful dogs and they like children (especially Melo). They enjoy going outside in their fenced yard and they all like to go for walks. All look forward to special treats given without fail at certain times of the day!

13 year old Cookie (who is deaf and blind – Coco is her best friend and guide dog) and 10 year old Coco, Melo (the only male) and Lucy will all receive updated veterinary wellness exams which will include routine bloodwork, eye, ear and skin exams, treatment if necessary and any other procedures the vet may recommend. All the dogs have been spayed and neutered and appear healthy.
